Broder,

./1

Närslutet sänder jag Dig en kopia av ett brev till Nina Lagergren. Där talas om tre personer som skulle ha träffat Raoul Wallenberg i rysk fångenskap 1949-50. Jag vore tacksam för om ni ville kontrollera uppgifterna.

./2

Samtidigt sänder jag utskrift och översättning av registreringskortet för Vasilij Vorobjev-Vorobjov från Vladimir-fängelset. Där uppges han vara ukrainare. Kanske är det mindre sannolikt att han hamnade i Polen efter fångenskapen. Uppskattar ändå, i sinom tid, svar på vår fråga.

./3

En skola i Warszawa har, som framgår av närslutet telefax, lånat Wallenbergs namn, och inbjuder Wallenberg-Föreningen att vara representerad vid invigningsceremonin den 1 september. Har ambassaden någon kommentar?

Warszawa 26 th of December 1990

Dear Madame,

Thanking for your letter from the end of April this year, I want to inform you that at last I could fix few details relating to your brother Raoul Wallenberg in Russia.

There are still alive 3 persons in Poland, who were imprisoned and met your brother in 1949-50 in prison. All they are a members of Association of Former Siberian Prisoners. Their relations seem to be authentic because all of them are similar. The names of this people are: Józef Kowalski living in Karpacz, Bogusław Baj living in Zielona Góra and Jerzy Cichocki living in Wołomin near Warsaw. Some times ago they all went to the Swedish Embassy in Warsaw to testify, what they know about the meeting in prison in Russia with your brother. They were received by the Secretary. Do you know about?

It should be good if you meet the people who remember your brother from the time after the 17.VII.1947, that NKWD fixed as an official date of his death. They related: "It was 1949 year. A political prison in Brack, on the river Angara in North of Irkuck. Raoul Wallenberg came with others political prisoners. Two Polish prisoners took care of him. It was Bogusław Baj i Jerzy Cichocki. I know personally Mr. Jerzy Cichocki, who was working at this time as a cook in prison kitchen. He try to organized to Raoul extra soup rations. This young, may be 20 years old, man, member of the Polish underground army was arrested in 1944 by NKWD, send to prison in Russia, remember very well Raoul.

He told me ,that Raoul looked a man of 40 years old but very tired out and famishing. The Polish tried to allocate Raoul to their hut. He was with them only a few days but during several month they were in contact. At the begining of 1950 Raoul and a group of about 1000 prisoners were send to Magadan on Kolyma. There were together with him Józef Kowalski who told that Raoul got ill during the way and Russian separated him and send to the hospital.

I hope that we shall find more detail so important for you and your family. The Polish Television on 23 of December gave a special programm so called "Investigation", during wchich Bogusław Baj gave an rapport of meeting Raoul in Brack. I hope that this programm may help to clear what was your brother Raoul's futher fate. It may be, there are some others deponents, still alive, who can have some others news of this tragic events. !

At the occasion of the End of Year I wish you Happy New Year and peace for the world. I send you also a calender of Siberian Association with a map ,that will interest you.

With friendly regards

To our deeply respected supporters.

We are happy to inform you about the arisal of an alternative, integrated school in Warsaw in the Stegna district. This school will bear the name of Raoul Wallenberg. We diligently sought a patron for our school. We would like to break the existing silence in the world with regards to this heroic person who symbolizes such humanitarian values like solidarity and Samaritan sacrifice.

Our school will be the first of its kind in Poland. Both healthy and physically-handicapped children will attend it. In this sense our school is integrated.

The sensitivity given to create the appropriate conditions for all of these children to develop their talents expresses the alternative and creative character of this school. We will ensure the children active contact with science and art. We will take care to hire teachers who possess the highest professional and personal qualifications. We will also take care to equip our school with technical, teaching tools as well as high quality equipment.

Faced with current Polish conditions, the achievement of these ambitious intentions will not be an easy matter. We have not lost, nor will we lose, hope. We have established a construction association for the organization of this school. This association intends to create a school program, to complete the school's construction quickly, to organize and to equip it with teaching materials.

For the purpose of fundraising we have been and will be undertaking various efforts. On the 7th of January, 1991 we organized an excellent, altruistic concert. It took place in Warsaw in the National Philharmonic building, at which were gathered the greatest Polish stars of the stage, film, and music world. Both the organizers and the performers worked voluntarily without honoraria. All proceeds from the concert were directed towards the school's construction.

We deeply regret that because of the short interim period between the sending out of invitations and the concert's occurrence you were not able to distinguish us with your presence.

We would like to express our hope that you would accept our invitation to participate in the opening ceremony of our school, which we hope will occur September the 1st, 1991.

If you were to want to assist the school's construction financially, we have taken the liberty of including here our bank account number: PBK III. Branch Warsaw 370015-976275-132.

We send you our greetings and we shall await your answer expectantly.
