The Hon. Olla Ullsten, Foreign Minister of Sweden,
Box 16121, S10323, Stockholm, 16, Sweden.

Dear Sir:

It is urgent that the present Swedish Government use the opportunity of Swedish participation in the Olympics to use strong pressure on the Russians in the matter of Raoul Wallenberg. IT is tragic that previous governments have neglected to use such opportunities in the past to have secured Mr. Wallenberg's release when it was possible to do so, and before they (the Russians) finally gave the questionable news of Mr. Wallenberg's death.

Your country at this moment, has great leverage to bring pressure to bear on the Russians, for there is a growing world concern about this man who brought such honor to your country for his great humanitarian work during World War II. There is also more and more evidence that he is alive, and the sin of neglect would be unforgivably compounded if your country did not use this opportunity to get the truth about Raoul Wallenberg.

Your government will represent the voices of many of us in different places in the world if you take decisive action NOW - this opportunity must NOT be bypassed. Please start your enquiries with the Russian Government immediately.

Very truly yours

Eldu & Harold Kaufman & family

I shall profusely apologize for my undiplomatic
emotional outburst if I will be proven wrong by
your action.

Very truly yours,

Elizabeth Kardos

As a Jewish person who lost so much of her family during World War II, the deeds of Mr. Raoul Wallenberg shine like a beacon of light through a dismal time.

I plead with you to do all that you can to see that the Soviet Union releases any information it may have on Mr. Wallenberg.

I thank you for your kind attention.

Dear Sir

It has come to my attention that Sweden will send a team of athletes to the Moscow Olympic Games. I am writing to suggest that this participation of your country will offer an excellent opportunity for your Government to intervene with Soviet officials on behalf of your countryman Raoul Wallenberg.

In our country, Raoul Wallenberg is considered one of the great heroes in the resistance struggle against the Nazis. As the savior of thousands of Hungarian Jews he deserved a better fate than that of being confined, innocently, to a Soviet prison for all these years.

Since 1972 the University of Michigan has offered a series of annual lectures at its School of Architecture in honor of Raoul Wallenberg, who graduated from this University. It was my privilege in 1976 to deliver the annual Wallenberg lecture. If only for this reason I am taking the liberty of writing to you. The coming months may offer the last opportunity for the Swedish Government to make the kind of effort we all expect from you. The injustice done to one of the most deserving citizens of Sweden is more than a local affair. It concerns all those who feel a profound gratitude for what Raoul Wallenberg has done for so many citizens of our world.

Sincerely yours

Rudolf Arnheim

Re: Raoul Wallenberg

Dear Mr. Olla Ullsten,

SWEDEN IS ATTENDING THE MOSCOW OLYMPICS.

When you go

PLEASE

use Sweden's influence and power to
press for the release of Raoul Wallenberg!

The Swedish government has been neglectful in its
passed efforts to free Raoul Wallenberg. Don't abandon this
hero. "To Free Just One Man Is To Free The Entire World."

Sweden must not ignore the opportunity at the Moscow
Olympics to demand the release of Raoul Wallenberg. Sweden
must act NOW to uncover the truth of his whereabouts. You
must stress to the Soviets that Sweden will not rest until
Raoul Wallenberg is released.

Without your help and influence, our effort to free him
will be in serious jeopardy.

Unless you speak up as Raoul Wallenberg's national
guardian, our voices and efforts will be muffled in an unholy
alliance of silence.

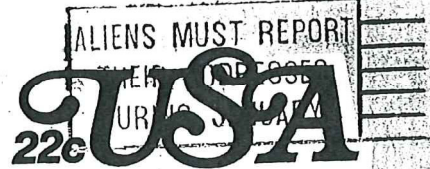

Unless your moral commitment is forthcoming, his fate is
sealed.

Thank you.

Sir:

For centuries, the Swedish government has been a model of enlightened government to the rest of the world.

For this reason, it is extremely difficult for the admirers of Sweden to understand its silence with regard to the fate of Paul Wallenberg, a Swedish citizen whose deeds of heroism and humanitarianism have brought honor to his country.

Morality, even in the game of politics,

cannot be separated from death. Your
participation in the Moscow Olympics provide
an ethical opportunity to press for clarification
from the U.S.S.R. on the fate of Grigori Wallenberg.

We beg you now to take this decisive
action on behalf not only of your own citizen
but on behalf of a world which very
much needs ethical voices to speak for it.

The maxim spoken by Githon that "our
sympathy is cold to the relation of distant
misery" cannot hold here, for a man who
did so much good in the face of abject misery,
and evil.

Will we have it on our conscience to
the day of final reckoning that we, in turn, did
nothing to help him?

Högtärade Herr Utrikesminister,

I am taking the liberty of writing you regarding a distinguished alumnus of this University, Raoul Wallenberg, a graduate of our School of Architecture, Class of 1935.

Raoul Wallenberg is known here not only as one of "our own", but as one of the outstanding humanitarians of this century. People all over the world have been interested in his fate ever since his mysterious disappearance to Russia in 1945, people who remember his heroism and his success in rescuing thousands from death in the closing months of the Second World War.

My own long association with this University, my concern for Raoul Wallenberg's life, my profound belief in the decency of a country I know well and to whose people I am indeed devoted, prompts me to urge you to pursue those inquiries which alone may lead to the rescue, or, at worst, to the solution of the riddle surrounding Wallenberg.

This letter is a plea to the Swedish Government to demand from the U.S.S.R. Government, information as to the fate of your great compatriot Rabbi Wallenberg. He had been imprisoned by the Russians for the "crime" of being a humane Christian, in 1945.

There have been several people who have met him in prison. He is, most likely, still alive.

Please act quickly, before the Olympic Games travesty.

Dear Sir:

I am appalled that the Swedish Government has done nothing to exert pressure on Russia to solve the Wallenberg mystery. In these days when heroism has fallen to such lows that children look up to ridiculous fictional

Characters on television, it is depressing to realize that a true Hero's government is doing and saying nothing that might reverse the inexcusable failures of past governments.

It is of vital, humane importance that pressures be exerted on Russia immediately to verify this Hero's location, and we hope and pray he is still alive, and his immediate release.

Unless Russia does this, it is unthinkable that any Nation honor the U.S.S.R. by participating in the Olympics or any Russian sponsored activity.

We write this letter to implore the Swedish Government to exert pressure on the USSR to release information on Raoul Wallenberg.

Using the Olympic Games, as leverage, may give this man some hope of being released from prison in the USSR, because he saved thousands of Jewish victims of the Nazis in 1938.

Because Raoul Wallenberg was a compassionate humanitarian during the holocaust, he has since languished in prison.

It is scandalous that the world has chosen to be silent about this man's fate - It is an outrage that a "Conspiracy of Silence" surrounds this man's fate.

We therefore implore the Swedish government to do all within its power, using the Olympic Games, as a chance to bargain for Raoul-Wallenberg's life.

Needs of such immense heroism and Compassion should be rewarded - He has suffered for so many years - a real tragedy.

Thank You.

Madam,

I have just learned that Sweden will participate in the 1980 Olympic Games. This represents a great opportunity to use this participation as leverage to urge the Russian government to release information on the whereabouts of Raoul Wallenberg.

Raoul Wallenberg, an honored alumnus of this College, is a man of compassion and humanity whose heroic deeds during the Holocaust brought great honor to his country. We urge you to try every means possible to learn the truth about Wallenberg. It is an outrage that Russia has refused to permit a free investigation of the many reports that Wallenberg is still incarcerated in their country.

We are gratified to learn the government of Sweden is now taking an active initiative to press the U.S.S.R. for clarification in the case of Raoul Wallenberg. May this effort prove successful.

"THE CURATORIAL MANAGEMENT OF THE BUILT WORLD"

James Marston Fitch
Professor of Architecture Emeritus;
Director Emeritus, Graduate
Program in Historical Preservation;
Columbia University, New York

Born in Washington, D.C. in 1909, James Marston Fitch was educated at the University of Alabama and the School of Architecture at Tulane University, taking his degree in 1928. After several years as a designer in offices in Nashville and Chattanooga, he joined the staff of the *Architectural Record* in 1936, and with time out for service in World War II, was active in the field of architectural journalism until 1954, when he joined the faculty of Columbia University. During this period he was responsible for dozens of outstanding articles in *The Architectural Record*, the *House Beautiful* and for many book reviews as well. He has written several important books, including *Four Great Makers of Modern Architecture: Gropius, Le Corbusier, Mies Van Der Rohe, Wright* and the extremely influential *American Building I: The Historical Forces That Shaped It* (New York: 1973), and *American Building II: The Environmental Forces That Shape It* (New York and Boston: 1972).

At Columbia Professor Fitch founded the Program in Historic Preservation and developed it to the outstanding status which it enjoys today. And his activities as a preservationist have not been confined to teaching. He has been consultant to the National

Park Service, to numerous private agencies, and to a number of foreign governments. In addition he has lectured at the Schools of Architecture in Texas, Utah, Tennessee, North Dakota, Georgia State, and at the Architectural Association of London, Oxford Polytechnical Institute, Liverpool Polytechnical Institute, the Institute for Advanced Architectural Studies at York University, England, and at the School of Engineering at the University of Naples. He has held Visiting Professorships at the School of Architecture in San Paulo, the University of Pennsylvania, and at Cornell. He has been a Fulbright Visiting Scholar in Peru and Guatemala.

Among his numerous awards have been a Mayor's Certificate of Appreciation from the City of New York, a Certificate of Merit from the Municipal Art Society of New York, and a Guggenheim Fellowship. Throughout his career he has been noted for the boldness and originality of his views. Presently he is Distinguished Visiting Professor at the College of Art and Architecture of the University of Cincinnati.

The Raoul Wallenberg Lecture was instituted late in 1971 through the support of some forty individual donors outside the University.

The first lecture was held March 15-16, 1972. President Robben Fleming participated in the inaugural luncheon: Sir Nikolaus Pevsner, O.B.E., was the lecturer. Mr. Leif Leifland, Minister Plenipotentiary of Sweden, represented the Swedish Embassy from Washington.

Succeeding Lectures:

October, 1973	Eric Larabee, Executive Director of the New York Council of the Arts
April, 1975	Reyner Banham, Architectural Historian
October, 1976	Rudolf Arnheim, Art Historian
February, 1978	Jacob B. Bakema, Dutch Architect

A public reception will be held in the lower level, south end, of the building immediately following the lecture. Light refreshments will be served.

RAOUL GUSTAF WALLENBERG

Raoul Gustaf Wallenberg was born in 1912 into a prominent Swedish family which for generations had produced outstanding statesmen, bishops, and diplomats, as well as military heroes and financial leaders. A brilliant student and fluent in several languages, as a youth he traveled extensively in Europe and the Middle East, and in 1935 took an honors degree in architecture at The University of Michigan. Returning to Sweden, he returned to the family interest in finance, and for a time worked for a bank in Haifa, Palestine. Here he first saw Jews in flight from Hitler. This recollection was reinforced by his experience in the early 1940s as foreign representative of a Swedish import-export firm, in which capacity he made several trips to German-occupied Europe. His visits produced vivid impressions of Nazi brutality, and these were heightened by a close friendship with an Hungarian Jewish business partner.

In 1944, Wallenberg's combination of pragmatic and idealistic qualities came to the attention of Iver Olsen, the War Refugee Board's representative in Stockholm, and he was assigned as first secretary of the Swedish Legation in Budapest in charge of a special department responsible for the protection and relief of Jews. Arriving in the city in July, Wallenberg worked heroically at his task for the next seven months, displaying an astonishing ingenuity in the means which he devised to foil the Germans and their Hungarian supporters. He issued thousands of protective passports of his own elaborate design, complete with official seals and the triple crown insignia of Sweden. These documents stated that the bearer awaited emigration to Sweden, and until his departure, enjoyed the protection of that government. In addition, he rented 32 apartment houses, raised the Swedish flag over them, and used them as safe houses for the sheltering of Jews who were constantly in danger of their lives. Working around the clock, he built up a city wide relief organization of hospitals, nurseries, and soup kitchens, staffing these institutions with 400 Jews. Negotiating directly with the S.S. and the Hungarian authorities, he prevented the deportation of thousands of Jews. On more than one occasion he went down to the railroad station, and under the rifles of the S.S., took refugees out of the boxcars. He even organized an undercover group of young Jews, who raided Nazi prisons and released Jews held in custody. All this he did out of a profound sense of compassion, and it would be hard to find a finer record of humanitarian service in all the terrible annals of those years. While his whereabouts since the liberation of Budapest in February, 1945 are unknown, his achievements will always be remembered. The University of Michigan is proud to claim him as an alumnus.

Dear Mr. Ullsten,

I am writing in regards to Raoul Wallenberg urging you to put pressure on the Soviet Union to release Mr. Raoul Wallenberg or all information regarding his whereabouts, since the bulk of the evidence indicates that he is still languishing in a Soviet prison.

Please do not compound the inexcusable failures of your past governments to find out the truth about Raoul Wallenberg's whereabouts. The stigma attached to the Swedish governments failure to act in the case of Raoul Wallenberg will be hard to remove and to compound it by not taking strong action now would indicate that the Swedish government is being hypocritical in its quest for human rights for all citizens of the world. I urge you to insist in making the freeing of Raoul Wallenberg a priority in this Olympic Year, otherwise any Swedish participation in the Olympics becomes a self-serving, empty quest for medals.

Dear Mr. Ullsten:

I urge you and the Swedish Government, using your Olympic games participation as leverage, to exert pressure on the Russians to release information on Raoul Wallenberg. Please press for clarification from the U.S.S.R. immediately about Raoul Wallenberg.

I urge you and your Government not to repeat the inexcusable failures of past governments. You must not bypass this opportunity to get to the truth in the Wallenberg case.

I and thousands of others are outraged at the conspiracy of silence that has surrounded the fate of this symbol of man's humanity to man. I implore the Swedish Government to take strong and decisive action on behalf of Raoul Wallenberg, a man whose deeds of heroism and compassion have done so much to bring honor to Sweden.

Again, I urge you and your Government to exert great pressure on the Russians and to bargain with them for the release of Wallenberg.

Thank you for your assistance.

Sincerely,

Dear Sir:

Recently I became acquainted with
the heroic but sad story of
Raoul Wallenberg. In my
opinion it is sad that in this
supposedly enlightened century
we let our heroes down. It
would be truly shameful if
your country which is so
interested in Human Rights
and the welfare of people
should allow Raoul Wallenberg
to disappear without some
intense publicity and probing
of truth.
The Russians now more

Now when the World is

is the time, the opportunity
to press for the truth, for
information, facts, proof
anything substantial about
a man whose only thoughts

I urge you not to let ^{pass}

Dear Sir:

For the past year, I have been enthusiastically following the story of Raul Wallenberg. During the next few months, there will be a great opportunity to learn of Wallenberg's fate. By using Swedish Olympic participation as leverage, your government could effectively pressure the Soviets for the truth about Wallenberg.

I deeply admire Wallenberg as I feel Sweden should. He was a genuine hero who saved thousands of lives. I am outraged that the Swedish government has failed in the past to take advantage of opportunities to learn of his plight.

I urge you not to let this opportunity, probably the last significant one left, to pass and to take strong decisive action on behalf of Raul Wallenberg.

Sincerely,

Dear Sir:

It has been over three decades since Raoul Wallenberg through his brave actions brought great honor to his nation and to Mankind. Now is the time for the Swedish Government to atone for its past neglect and to reclaim the heroism displayed by this compassionate man. I urge the Swedish Government to exert pressure upon the Soviet Union to discover the truth of the detail of Raoul Wallenberg's disappearance and, if he is still alive, to press for his freedom.

Dear Foreign Minister Ullstein:

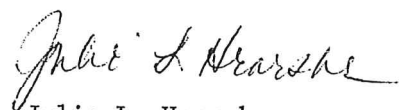

I am joining with thousands of other Americans who are outraged over the case of Raoul Wallenberg. I am urging Sweden to take a strong stand - get to the bottom of this tragic event.

An opportunity is now present for your government to exert pressure upon the U.S.S.R. - the Olympic games participation. Moscow is sure to want every country to participate, and there is room for leverage. Use your participation in the games to gain information about Raoul Wallenberg.

Raoul Wallenberg is a symbol to all people of all nations. He stands for humanity, for caring about people, no matter who they are or what race or religion they belong to. Raoul Wallenberg stands for life.

Do not repeat previous mistakes of past governments. The people of all nations are behind you - and behind Raoul Wallenberg.

Mr. Ullsten,

I was disappointed to hear that Sweden has decided to send a team to the Moscow Olympics despite Moscow's unconscionable actions in Afghanistan. Even though your decision has been announced in terms of the Afghan situation, your Olympic games participation could still serve as leverage to exert some pressure on the Russians in a different matter, perhaps closer to home for Sweden--that is to press for information pertaining to and/or the release of Raoul Wallenberg. I am certain you are familiar with the history of this great symbol of man's humanity to man, and I am also certain you are well aware of significant opportunities in the past when earlier Swedish governments have failed to press for conclusive information concerning Wallenberg's fate.

I understand--and to an extent concur--that using amateur athletes' participation in international games as political leverage is distasteful. For better or for worse athletes who compete on an international level as representatives of a certain nation, by their very representation, politicize themselves and their competition. In the present situation we can allow the Russians to control the politics of these Olympics, as Hitler choreographed the 1936 Berlin Olympics, or we can take control of our own destiny, of our own actions. A neutral Olympics in a permanent neutral site is an excellent plan, but for today we must work with today, with the politically charged Moscow site. And if we're going to talk "distasteful", talk Raoul Wallenberg--dead, buried alive in the Soviet Union, forgotten by his country? I picture the earth as photographed by orbiting astronauts--that lovely blue/white swirl of a planet seen at last for the tiny island she really is. We inhabitants of that tiny island need Raoul Wallenbergs. How few of us are him! Are so few of us able even to reach out a hand to him? Mr. Ullston, this opportunity to pressure the Soviets on his behalf must not be lost.

Thank you for your time and kind attention to my letter,

Sincerely,

Christine M. Gelineau

Mr. Minister,

I am writing to ^{you} ~~us~~ on the important issue of the fate of your citizen Mr. Raoul Wallenberg.

It is now public knowledge that the government of Sweden has ~~failed~~ failed over many years to show the appropriate interest in the fate of your own diplomat. It is well known by large numbers of people in many countries that the Soviet ~~is~~ ruling circles have imprisoned Mr. Wallenberg and are continuing to hold him prisoner in secret. It is also well known that the Soviets imprisoned Mr. Wallenberg only because he helped many Jews to escape the Nazi murderers.

This ~~is~~ is a clear cut case of elementary morality and all progressive people in every country can see clearly the cruelty inflicted upon Mr. Wallenberg. We ~~is~~ have come to expect this kind of barbaric actions from the dictators of the Soviet Union.

We are now observing very questionable conduct on the part of the Swedish government. The coverup of the Swedish government is already exposed for all to see. The question now remaining is whether enough decency and courage remain in Sweden to take overdue and belated action.

There will be opportunities at the Moscow Olympics and on any other day that you choose to summon up your courage to express your strong concern to the Soviet rulers.

Raoul Wallenberg, by his courage and deeds set a moral standard of conduct that will live in history. It now remains to be seen whether his own ~~is~~ people will support their own hero or if they will act cravenly and let him rot in prison until he is dead. You cannot escape the responsibility which now rests completely in your hands. You know exactly what you should do.... have the courage to do it!

Dear Mr. Ullsten:

I recently had the opportunity to read in the New York Times Magazine of March 30th the story pertaining to Raoul Wallenberg, a Dutch citizen who was involved in W. W. II on a mission to save European Jewery.

I was surprised to see the lack of action that your country has taken in behalf of one of its citizens and had so readily accepted the Russian explanation as to his death, in light of many contradictory statements that did come out from behind the Iron Curtain, periodically, by released prisoners clearly pointing to the possibility that Mr. Wallenberg is alive.

In light of the fact that your country has decided to send its athletes to the Moscow Olympics, this represents a rare opportunity to leverage their participation against requests for clarification as to the exact whereabouts and state of health of Raoul Wallenberg. It goes without saying that, should he prove to be alive, as a Swiss citizen, an immediate demand for his release by your government will follow.

Thanking you in advance.

Dear Sir

The people of England have learned from
a recent BBC TV documentary of the
heroic acts of your diplomat, Mr. Raoul
Wallenberg, during World War II in Hungary
and that tragically, his own fate still
remains uncertain after 30 years —

In the eyes of the caring world, it would
seem that Sweden has abandoned one
of her most remarkable sons. It is truly
an appalling situation and one which I
tell so deeply about, that I am appealing
to you, to accelerate your efforts and exert
all possible pressure, even if this means not
sending a team to the Moscow Olympics.
Until the truth is finally known,
I hope to receive your assurance that positive
action is now being taken.

I remain respectfully,

Dear Sir:

As the child of a refugee from the carnage of Hitler's Germany, I want to urge you in the strongest possible moral terms to do everything possible to seek the release of a true humanitarian and citizen of your country Raoul Wallenberg. As we now know, his attempts to save the lives of many innocent and unfortunates will be regarded as one of the great acts of contemporary times. Your own government has repeatedly missed opportunities to seek his release; your commitment to participation in the upcoming Summer Olympic games affords you yet an additional opportunity. It would be both a tragedy and a moral travesty for you and the members of your government not to do everything possible to seek his release. Also, you should know that, if you are successful you will have earned, and rightly so, the respect and gratitude of millions of people of good will and good faith the World over.

In closing, let me again urge you with ever fibre of my being to do everything possible to seek the release of this true friend of all humankind.

Dear Excellency:

I come before you this hour to note a matter of importance to Sweden, its honor, and a matter of importance to the whole civilized world.

Because there comes a time when in the affairs of a nation a citizen rises up to symbolize before the world the highest ideals of that nation.

This man, tested in a great crucible of good and evil to the very breaking point, enduring that which no human should be expected to withstand, prevails against evil. Though victory is won, the man is crushed by the forces of evil and pays his debt

In America Abraham Lincoln symbolizes that struggle. But in American a growing number of people are viewing the life and struggle of your native son, Raoul Wallenberg in the same heroic mold. What Lincoln fought for and stood for in a macrocosm Wallenberg, even more alone and isolated than Lincoln fought for in a microcosm.

Both men live far beyond their time and space and belong to humanity. Both men become national treasures ~~but~~ men who belong to humanity. And humanity demands that the debt owed be squared in the matter of Wallenberg.

Here we have a great enigma. As you know Wallenberg, while saving thousands from death from the hands of the Nazis in the closing fog of WWII was himself trapped and taken prisoner by the Russians and in the ensuing chaos with an intransigent and xenophobic foe who never fully disclosed his fate.

As you well know Wallenberg's fate has never been fully explained. There are those who follow the Russian official explanation, he was captured and later executed by a criminal general who was later shot. There are others who claim to have seen Wallenberg in prison as little as a few years ago. There are still other stories that surface that put Wallenberg at different places up to fairly recent times.

Honorable Olla Ullsten:

I believe it would be to Sweden's best interest and in the interests of civilization to fully press Russia for a full disclosure of the fate of her son. As you know time as a habit of covering tracks with dust that obliterates everything and time is closing fast, if this needed task is not accomplished soon the truth may be forever lost.

There are some who believe Wallenberg may be alive and if so turning ones back on him would be like failing to come to the rescue of a trapped miner who far beneath the surface can not cry out to his rescuers. Yet this very fact should spur on those who would not abandon him simply because all is quiet and can not disturb them with his cries.

We in American concerned with this matter would like your Government to make strong representations to the Russian government to issue a full report on the affair. If he is alive he must breathe free air again. If he is dead his grave must be known and respected as a sacred resting place.

Sincerely,

H. Levinson

RESOLUTION

Whereas, Raoul Wallenberg, as a Swedish diplomat in Budapest, risked his life and career in a humanitarian program to save vast numbers of people, including our co-religionists, from extermination by the Nazis during World War II, and,

Whereas, following the end of that war, it has been claimed that he was forceably detained and removed from Budapest by the U.S.S.R., and,

Whereas, there have never been made public the full details regarding the events of his disappearance, and,

Whereas, there have been numerous reports and substantive evidence that he is still alive, within the Soviet Union; now, therefore,
Be It Resolved that

Congregation Beth Tefilah is outraged at this conspiracy of inaction and silence that has, too long, been associated with the fate of Raoul Wallenberg, a true hero and example of man's concern for his fellow human beings; that

in the strongest possible terms, we urge the Swedish Government to immediately and persistently demand the release of Raoul Wallenberg, and/or incontrovertible information regarding him; and that in the name of justice and human rights, which principles are espoused by the U.S.S.R., we insist that this matter be aggressively and thoroughly pursued until these facts are known and information on the fate of Raoul Wallenberg, whose deeds of compassion and heroism have brought honor to himself, his family, his country and all those who follow him in thought and action, is obtained.

My dear Olla Ulsten:

As Swedish Foreign Minister, I would like to urge you to ask your government to take strong and decisive action in order to free Raul Wallenberg a citizen of Sweden.

Raul Wallenberg (a non-jew) at great risk to his own life went to Hungary to save the lives of untold human beings. Does he not deserve the same compassion and help that he displayed to others?

What kind of a world can we help shape if we permit nations like the U.S.S.R. who have shown such callousness and brutality in the past to have their own way? I believe that with a united front of public opinion from all nations, from all peoples we can help change the cold and heartless actions of the cruel "Russian Bear".

Your country and ours have always been and acted like civilized people. Let's help work together to make things better by starting the ball rolling in the right direction.

Very truly Yours

Dear Mr. Ullsten,

The Board of Directors of Congregation Beth Tefilah, the Community Synagogue of San Diego, at its April 16, 1980 meeting unanimously endorsed the following resolution:

"Whereas, Raoul Wallenberg, as a Swedish diplomat in Budapest, risked his life and career in a humanitarian program to save vast numbers of people, including our co-religionists, from extermination by the Nazis during World War II, and,

Whereas, following the end of that war it has been claimed that he was forceably detained and removed from Budapest by the U.S.S.R., and,

Whereas, there have never been made public details regarding the events of his disappearance, and,

Whereas, there have been numerous reports and substantive evidence that he is still alive, within the Soviet Union, now, therefore, Be It Resolved that

Congregation Beth Tefilah is outraged at this conspiracy of inaction and silence that has, too long, been associated with the fate of Raoul Wallenberg, a true hero and example of man's concern for his fellow human beings; that

in the strongest possible terms we urge the Swedish Government to immediately and persistently demand the release of Raoul Wallenberg, and/or incontrovertible information regarding him; and that

in the name of justice and human rights, which principles are espoused by the U.S.S.R., we insist that this matter be aggressively and thoroughly pursued until these facts are known and information on the fate of Raoul Wallenberg, whose deeds of compassion and heroism have brought honor to himself, his family, his country and all those who follow him in thought and action, is obtained.

Sincerely,

Dear Mr. Ullsten,

A truly religious man is one who goes beyond racial or religious boundaries and gives of himself to help unknown others. In my opinion Raoul Wallenberg is such a man and deserves to have the world regard him with honor and admiration. Yet his fate is unknown to the world and only the Russian Government holds the key.

This morning I told my seventh grade class in Temple Beth Am about the kind of person Raoul Wallenberg was and what he did to help the suffering thousands in Eastern Europe. WE decided that here was a man who deserves to be remembered. The enclosed letters show the depth of their feelings. I encourage you to share these feelings and place some pressure on the Russian Government this summer in the Olympic games to let the interested millions know where Raoul Wallenberg is or his fate.

Sincerely yours,

Susan Klein

Your Excellency:

I am a survivor of the Holocaust thanks to Raoul Wallenberg.

Much to my dismay, I learned that the Swedish Government, instead of pressing the U.S.S.R. for the release of Mr. Wallenberg, decided to participate in the Olympics.

I myself and thousands of others are outraged at the conspiracy of silence that has surrounded the fate of this symbol of man's humanity to man, for the longest time. I was sincerely hoping that the present Swedish Government will not repeat the inexcusable failures of past Swedish Governments with inaction. I was hoping that the present Swedish Government - by boycotting it - will use the Olympic Games as a tool to exert more information or obtain the release of Raoul Wallenberg.

Your Excellency, I urge you in the strongest terms to stand up for our Hero, for your Hero, otherwise the whole world will judge you and condemn you for your meekness!

We are anxiously following every step you are taking.

Re: Diplomat Raoul Wallenberg

Dear Mr. Ullsten,

As I am completely convinced that Diplomat Raoul Wallenberg is still alive and rotting away in a prison somewhere in the Soviet Union, I am very politely and humanely requesting the assistance of the Swedish government in obtaining his release and safe return to his home in Sweden.

Having had some experience with the Soviet bureaucracy, I think it is quite possible that officials in the higher governmental echelons could still be unaware of his exact location. I am, however, convinced that they, with proper motivation, could find him and return him to Sweden.

It is my opinion that the timing for a strong, diplomatic demand for his return now could be successful, due to Soviet sensitivity connected with their problems in Afghanistan and with the Summer Olympiad this year.

The previous Swedish government, under Erlander and Palme, inexcusably failed and lost many golden moments to save Wallenberg during their time in office.

Even if there is only a slight possibility that Wallenberg is still alive, it should and it must be on the conscience of every member of the civilized human community to assist in saving the man who made it possible for thousands to live a normal life today.

I and many others like myself have been following the story of Raoul Wallenberg with great interest and a complete lack of understanding at the inaction of the Swedish government on his behalf. Raoul Wallenberg is an outstanding example of heroism and has done so much to bring honor to your country. How in the name of humanity can you allow him to languish in some Russian jail?

We implore you to do all possible to effect his release so that this great man will know he is not forgotten by the world. He deserves to spend the rest of his life in honor and dignity.

Dear Minister Ullsten:

I am writing to express my interest in the case of the missing Swedish diplomat, Raoul Wallenberg. It shocks the conscience of good people everywhere that his fate is still unknown, some thirty-five years after the end of the Second World War. The circumstantial evidence is such that there is really no question that the Soviet Union is withholding the truth about this tragic matter.

International hearings on the plight of Mr. Wallenberg are scheduled to take place in Stockholm on May 2-3, 1980. These hearings present the Swedish government with the opportunity to redress some of its past neglect of the Wallenberg affair. I urge your government, in the strongest terms, to press the Soviet Union to release information about Wallenberg and, if he is still alive (as relatively recent reports indicate), to free him. Furthermore, the issue of Swedish participation in the 1980 Moscow Olympic Games should be used, not only to express condemnation of recent Soviet actions endangering world peace, but also on behalf of Mr. Wallenberg. Surely, this is the least that you could do for one of your own countrymen who is looked upon as a hero and martyr by others around the world.

Recent facts have come to my attention that indicate Raoul Wallenberg, the Swedish diplomat imprisoned by the Soviet Union in 1945, may not have died as reported by Soviet officials.

It is my sincere hope that you will use your good office to vigorously pursue this investigation and encourage the Soviet government to provide conclusive evidence pertaining to Mr. Wallenberg's case. Certainly the courage and compassion displayed by Raoul Wallenberg merit the utmost consideration.

Dear Sir:

I am writing you this letter to urge you to use whatever means you have at your disposal to press the Soviet Union to release information on Raoul Wallenberg and to demand his freedom.

It has come to my attention that until January 1980, the Swedish Government classified all their documents on Raoul Wallenberg as top secret. It is only now that those documents have been released that it has become apparent how former Swedish Governments have failed terribly to exert pressure on the Soviets for information on or the release of Raoul Wallenberg.

I feel that to let an opportunity such as the 1980 Olympic Games in Moscow go by without using every means you have to seek out the truth about Mr. Wallenberg would be irresponsible and above all, immoral. Your decision to send a Swedish team to the Olympics is an appropriate occasion for you to insist on a meaningful diplomatic acknowledgement of your good will - namely, the release of Raoul Wallenberg. This man symbolizes everything that is good in man's nature. His dedication to, and personal sacrifice for the cause of humanity, his untiring efforts to save Jews from the Nazis in World War II must not be forgotten.

I am outraged that so little effort has been made on his behalf to break the Soviets' silence about his fate, and I implore you to act in a morally responsible way to secure his release. His heroic acts and deeds have brought much honor to Sweden, his native land, and now it is time for Sweden, his country, to do whatever it can to obtain his freedom.

To right this fundamental and longstanding moral failure, I implore you to act now.

I am sure that your government will take every action possible to break the silence surrounding the fate of this man whose deeds of heroism and compassion have done so much to bring honor to his country.

Dear Mr. Ullsten:

I have just finished reading a series on Raoul Wallenberg which appeared in the Toronto Globe and Mail newspaper.

I find it extremely hard to believe that the Swedish Government has not made a more concentrated and constant effort to discover the true facts surrounding the disappearance of Raoul Wallenberg.

Was he taken to Debrecen by the Russians and subsequently imprisoned? Was he killed during the street fighting in Budapest? Has he spent thirty-five years in some Soviet labor camp? Is this great, heroic, unselfish, courageous, and compassionate man alive or dead?

These questions need answers, especially for his family, but also for the thousands of Budapest Jews who were saved from a certain death were it not for Mr. Wallenberg.

It is most unfortunate that hearings to explore the possibility that Raoul Wallenberg may still be alive and in a Soviet prison have been postponed due to the current labor strife in your country.

The honour he deserves is long overdue. Your Government cannot turn your back on him any longer. It is time to face your responsibilities. If he is alive, press the Soviets and secure his release. If he did not survive, at least his family, friends, countrymen, the Jewish people, and all those who know of him and his heroic efforts will know once and for all, and be able to honour him appropriately.

- 2 -

Do not allow the Russians to hold onto this information any longer. Thirty-five years is long enough.

May God be with you in all your future endeavors and especially in this matter.

Dear Sir:

We wish to add our voice to that of the many scores of thousands throughout the world who are interested in obtaining information on/ or the release of Raoul Wallenberg.

Since the White Papers on Wallenberg were released in January of this year, the public at large have been made aware of the failure of past Swedish Governments to utilize numerous opportunities to press for this type of information. We, an Organization of many thousands throughout Canada, would like to urge your Government not to repeat the blatant failures of your predecessors in losing this opportunity to get to the truth of the Wallenberg case.

We are outraged at the conspiracy of silence which has surrounded the fate of Raoul Wallenberg and we implore you and your Government to stand up for once like men and take some decisive action on behalf of this world renowned hero.

It is felt by many that it is a great pity that Wallenberg was a Swedish National as other countries seem to take a much stronger stand on behalf of their citizens who are abducted and incarcerated in other countries. The fact that Wallenberg saved thousands upon thousands of Jews and others from the Nazi Holocaust should make your Government and your country extremely proud of its most renowned citizen. Instead, we see the miserable behavior of successive Swedish Governments in their failure to publicize and gain information on Raoul Wallenberg.

We look forward to some decisive action being taken that will once and for all clear up this matter truthfully and successfully, so that the humanitarian

Dear Sir,

Raoul Wallenberg has spent more than half of his life in Soviet prisons, camps and psychiatric institutions. Through all these years, which is his ultimate torment; which the absolute evil - the suffering he has known at the hands of his enemies or the knowledge that he has been abandoned by his friends?

This man, who in the midst of hell, lived his compassion for those who were strangers to him - in our indifferent and uncaring world, is there no one who cares for him; who will raise their voice in anger and love to fight for his freedom?

Of us all, yours should have been, and must now be the strongest voice - for he is your son, born and raised in your country and amongst your people : yours is the land which is his home.

With the presence of Swedish athletes in Soviet Russia for the Olympic games, use this opportunity to find him and bring him home - before it is too late for him; too late for us all.

Dear Mr. Ullsten:

I am writing to urge you to make every effort to press the Soviet Union for information concerning Raul Wallenberg. Any information about this hero will reflect honor on his country. If he should be alive, any information would be so much more important. If he should be alive, any failure to act would be that much more tragic.

Mr. Wallenberg was not afraid to act for others. Let us not be afraid to act for him.

Mr Olla Ullsten, Swedish Foreign Minister
Box 16121 S10323 Stockholm 16, Sweden.

Dear Mr. Ullsten,

In his Book Warning to the West, Alexander Solzhenitsyn mentions your countryman, Raoul Wallenberg, being kept in Russian prison for 35 yrs., though he had committed no crime. Only this year I heard an impassioned plea by Annette Lantos (Mrs Tom Lantos), she was a guest on KABC radio station - Los Angeles, Calif. She explained that this man had been appointed by his Sovereign to help the Covenant people, it seems Communist officials were arresting Hungarian Jews right and left. The King of Sweden was notified, and appointed Mr. Wallenberg to help the Jews. Mr. Ullsten there are Christians and Christians, real Christians know the Israelites have, in the natural world, blessed all nations, with their ingenuity, their skill & knowledge. Our spiritual heritage identifies them as the kinsmen of Jesus Christ, to us he was the greatest Jew that ever lived. The nation that tolerates abuse of Jews and the individual who participates in it will bring judgment on themselves and their loved ones. I am writing you to bring it to your attention that Raoul Wallenberg's mother is alive, 80 yrs. old, and wants her son released. If she is 80, she was 45 yrs old when he was seized by the Communists. If she was 20 yrs old when he was born he was then 25 yrs old. What an evil tale - a young man of 25 is kept in prison (and we know Russian prisons are cold & harsh), he has been there over half his life. I hope and pray you will do all you can to secure the release of this courageous man who is not a criminal. Yours Truly & Sincerely, (Miss) Ruth Story

Several of my friends, my wife and I were very much impressed when reading the stories about your Hero Mr. R. Wallenberg in our Canadian newspapers.

We sincerely hope and ask you to promote that everything possible will be done to find and rescue Mr. Wallenberg. He deserves the greatest respect of all Swedes.

During the german occupation in Holland I have been in a nazi prison myself and we have tried to rescue Jews, so I know what it means.

Dear Sir,

Having read the article in the March 30, 1980

you to get the truth in the Wallenberg case. It
is somewhat mystifying that such a great and
rare example of humanity should be abandoned
by his own government. The Swedish Government
should take pride in such a man as Raul
Wallenberg and do everything in its power to
recover him, if indeed he is still alive.

The Honorable Olla Ullstein:

I would like to add my plea to those of hundreds of thousands of concerned people who yearn for simple justice in giving freedom to a human being whose breadth and depth of feeling for humanity has no equal in this century; namely, Raoul Wallenberg.

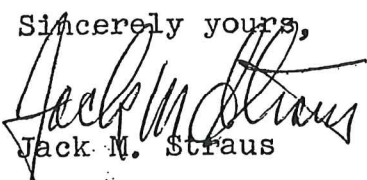

We understand that this great soul is a prisoner in the Soviet Union and I implore you to use whatever power within your grasp to effect Raoul Wallenberg's freedom.

The bare facts of this man's life prove that he harmed no nation, no person. Instead, he selflessly for humanitarian reasons only, saved 100,000 Jews from the Nazi holocaust.

The conscience of free people throughout the world will not be clear until Raoul Wallenberg is released from his incarceration and brought back to a life of freedom however few years may be left for him.

Whatever you may do on behalf of Wallenberg's freedom will have my undying gratitude as well as that of hundreds of thousands of people throughout the world who share my strong feelings.

Dear Madam,

I am a Canadian citizen of Jewish decent and recently there have appeared in the Toronto Glöbe and Mail three articles concerning one, Raoul Wallenberg, who according to the information contained in the articles saved thousands of Hungarian Jews from death and concentration camps during the Second World War. He was a citizen of Sweden and as I am sure you are aware there is a belief in some circles that towards the end of the War he was arrested by the Russians and has since that time been a prisoner somewhere in the Soviet Union.

I further understand that your government has made efforts since the War to determine Mr. Wallenberg's whereabouts from the Russian authorities. Apparently these efforts have met with official silence. History teaches us that there are very few heroes in the World and from what I can gather Mr. Wallenberg was one of these, and if no real determined sustained effort were made to release him and allow him to live out his last remaining years with whatever family and friends he has left then this would be an even greater tragedy than what has befallen this man already and a horrible reflection of the times we live in for future generations to see.

Surely, we owe it as human beings to save a fellow human being who has with very grave risk to his own life attempted to save the lives of so many others to whom he owed nothing. Therefore, I urge you to do whatever is within your power to determine Mr. Wallenberg's present status and if he is alive, to secure his release from prison.

Yours very sincerely,

HOWARD SCHNEIDER

Dear Sir,

Raoul Wallenberg has spent more than half of his life in Soviet prisons, camps and psychiatric institutions. Through all these years, which is his ultimate torment; which the absolute evil - the suffering he has known at the hands of his enemies or the knowledge that he has been abandoned by his friends?

This man, who in the midst of hell, lived his compassion for those who were strangers to him - in our indifferent and uncaring world, is there no one who cares for him, who will raise their voice in anger and love to fight for his freedom?

Of us all, yours should have been, and must now be the strongest voice - for he is your son, born and raised in your country and amongst your people : yours is the land which is his home.

With the presence of Swedish athletes in Soviet Russia for the Olympic games, use this opportunity to find him and bring him home - before it is too late for him; too late for us all.

Dear Foreign Minister:

The case of Raoul's Wallenberg's imprisonment in the Soviet Union has recently come to the attention of the community here in LOS ANGELES.

While it is apparent that some effort has been made, on the part of your government, to gain freedom for this courageous and humanistic man . . . I am appalled to learn that the Swedish government is now sending a team of athletes to the Moscow Olympics.

I certainly appreciate the fact that the athletes have worked hard and look forward to gaining medals; but I cannot believe that while the Soviet government displays the effrontery of insisting that Wallenberg is dead (while dozens of episodes prove otherwise) -- you can allow Swedish men to participate in any event held in Moscow.

Many opportunities have been lost by your government to gain the freedom of Wallenberg. Wouldn't it be better to give the Russians the slap in the face that they have long deserved???

There is little freedom left in this world. . . none of which is evident in the Soviet Union.

Your government can be proud of Raoul Wallenberg; he is probably the most courageous man who has walked on the earth in the past half-century. Your government should not be proud of entering into the Moscow Olympics since it gives sanction to one of the most oppressive nations in existence today.

Dear Minister Ullsten:

With reference to present efforts to bring into the open the fate of Raoul Wallenberg, I have often wondered why the Government of Sweden has not exchanged the former Colonel Wennerstrom for some of the people held in Russia?

I like to believe that after all these years the damage caused by Wennerstrom has been repaired?

It is with regret that I note that former Governments of Sweden have missed several opportunities to demand satisfactory clarification of the fate of Mr Wallenberg from the Russians.

Hopefully your Government is of stronger structure and ~~determined~~ and vigorous efforts will be made. The Wallenberg Family has the right to expect it, also the World at large.

What will you do to remove this shameful blot on your country's great name? What will you do to effect the immediate release of you r great countryman Raoul Wallenberg?

Let Raoul Wallenberg be released and LET HIM RECEIVE THE NOBEL PRIZE FOR PEACE!

Sir:

Allow me to take the liberty in addressing you today concerning Mr. Raoul Wallenberg.

As a concerned Jew, it is my conviction that ^{it} is our duty not to forget this man, who stood for us against the Nazi hordes. I feel that the world, which most certainly includes your country, has to break the conspiracy of silence surrounding the fate of Raoul Wallenberg who represents the symbol of man's humanity to man.

Reports are circulating in this country that the past Swedish governments have failed to act decisively for their own Diplomat. I am somewhat hesitant to give credence to these reports having always had admiration for your country.

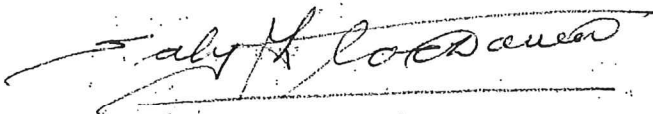

It is late, 35 years is a long time, but not too late to use your influence and prevail upon the Soviet Union to release information on Raoul Wallenberg.

My understanding is that Sweden will participate in the Olympics in Moscow. This participation could be used by you as a leverage.

I have sent a telegram to Mr. Andropov in Moscow and Mr. Dobrynin in Washinton in which I said inter alia: " You would be doing a great humanitarian act in looking into the matter and arrange to have him sent back to his country. I can see right now the whole world applauding the Soviet Union. "

May I, Sir, respectfully request that you pursue this great task with the highest priority until you will welcome back Raoul Wallenberg to Stockholm.

Respectfully yours,

Further to the courageous and stirring actions of your country's Raoul Wallenberg who saved thousands of Hungarian Jews from Nazi death camps, I would very much like to add my voice to the efforts which are being made to apply pressure ^{on} to the Soviet Union to determine the whereabouts of Mr. Wallenberg and his release if he is still alive.

Because Mr. Wallenberg was so courageous in his actions I believe that your country and mine should be active in securing his release from the Soviet Union or at least receiving a satisfactory and full explanation for his unjust arrest. Please accept my admiration for your fellow countryman.

Dear Sir/Madam,

You will be aware of the recent publicity relating to Raoul Wallenberg who engaged in a self sacrificing effort to save Hungarian Jews from the Nazis a generation ago.

Recent reports lend credibility to the suspicion that Mr. Wallenberg has been held captive all these years by the Soviet Union. Surely if there is the slightest suspicion he is still alive, the world owes it to him to make every effort to free him. While there may be debate whether or not it is still moral to pursue persons who were guilty of atrocities against the Jews of Europe a generation ago there can be no similar argument for condoning by silence the action of anyone who silenced one voice of whom the world may be proud, raised against such atrocities.

I add my voice to those who plead for the most persistent pressure to learn the true fate of Mr. Wallenberg, and if he is still alive to continue pressing for his freedom.

Yours truly,

Dear Mr. Ullsten:

In this complex world of ours, where frustrations, fears, and despair all too often confront us, the simple act of goodness must be spotted, appreciated and at the least applauded. I have just learned of a man who did what we all wish we would do more often. He helped people.

At one time or another in our lives we all could have used that good deed one on our behalf. Raoul Wallenberg was there for many. A good man is hard to find in today's world. Most of us are intimidated by someone or something. Compromises smooth out a great deal of harshness that purity must encounter. The purity of belief and action based on that belief which Raoul Wallenberg embodies makes him a man we must all applaud. Please, if only in the hope and belief that there is a place for acts of goodness and good men in this world, do what you can to rescue Raoul Wallenberg so that he might hear our applause.

My sincere thanks,

Mrs. Shy

Dear Minister Ullstein:

This letter is sent to you in behalf of Mr. Raoul Wallenberg, a descendant of Sweden's most illustrious family. He was appointed First Secretary of the Swedish Embassy in 1944.

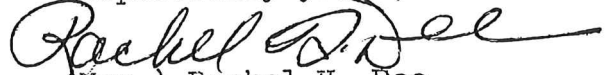

Recent eyewitness reports have indicated that Mr. Wallenberg has been mistakenly detained in a Russian prison, or in a Russian hospital. He has been unjustly incarcerated since the end of World War 2. A deep silence has been "heard" since this incident occurred.

Please do not repeat this inexcusable failure of your past governments to act in behalf of Raoul Wallenberg. Use the olympic participation to have the Soviet Union release information regarding Raoul Wallenberg.

It is outrageous that anyone should have to suffer so many years without an iota of support from any one government.

Again, I would urge you in the name of man's humanity to man, to speak up for this fine and courageous gentleman, who deserves the support of all decent people, Mr. Raoul Wallenberg.

Dear Sir,

Through a series of newspaper articles I have recently become aware of the tragic story of Raoul Wallenberg. During that cruel period of time when so many people lost their sense of compassion and humanity, this man's great heroism shone. His concern for the Jews at a time when they were so reviled, and the incredible courage he displayed in coming to their aid, is indeed inspiring.

Sweden.

Dear Minister,

The interest in and the dedication to the sake of freedom on behalf of the Swedish people is well-known around the globe. With this in mind I take the liberty to write to you in the matter of Raoul Wallenberg.

Recent newspaper reports have confirmed what I learned many years ago as a young survivor of nazi concentration camps, i.e., that Mr. Raoul Wallenberg had been responsible for the rescue of thousands of persecuted people during the Second World War.

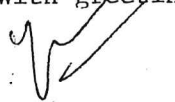

It has also become clear that Mr. Wallenberg has been declared dead by the Soviet authorities without the slightest evidence of his death. Only the Russian authorities can tell us for sure why they took this action.

I urge you to use the services and power of your high Office to press the Soviet authorities to provide clarification of this matter and (insofar as it is believed that Mr. Wallenberg is still alive) to allow him to go at his desire.

It is now 35 years that Europe was freed from the worst terror the world has ever known. No better way to celebrate this anniversary than by securing the release of one of the few true heroes of that era!

I thank you from the depths of my heart for your help in this matter.

With greetings of respect and peace,

J.I. Vorst

Dear Sir:

We urge most strongly the Swedish Government to take strong and decisive action with the Russian Govt. in behalf of Raoul Wallenberg. He is still being kept in Russian prisons for simply doing his part in saving 100,000 Jews in Hungary during World War 2.

He is indeed a "Rightous Gentile" and in the name of humanity all should be done by the world community to secure his freedom at once.

Sincerely,

Dear Sir,

Raoul Wallenberg has spent more than half of his life in Soviet prisons, camps and psychiatric institutions. Through all these years, which is his ultimate torment; which the absolute evil - the suffering he has known at the hands of his enemies or the knowledge that he has been abandoned by his friends?

This man, who in the midst of hell, lived his compassion for those who were strangers to him - in our indifferent and uncaring world, is there no one who cares for him; who will raise their voice in anger and love to fight for his freedom?

Of us all, yours should have been, and must now be the strongest voice - for he is your son, born and raised in your country and amongst your people : yours is the land which is his home.

With the presence of Swedish athletes in Soviet Russia for the Olympic games, use this opportunity to find him and bring him home - before it is too late for him; too late for us all.

Sincerely,

Ms. Susan Hammer

Dear Olla Ullsten,

I am writing on behalf of dozens of friends and professional colleagues to express our concern, frustration, indeed outrage that more has not been done to find and to save Raoul Wallenburg.

We implore the Swedish government to act now without further delay.

Dear Sir:

Your countryman, Raoul Wallenberg, has brought eternal honor and glory to his country and people. The question is: Can Sweden follow his example of courage and stand up to the Soviets as Raoul did to the Nazis?

It is our hope that Sweden will rise to the occasion and make its participation in the Moscow Olympics conditional upon Raoul's release. This is a new and golden opportunity to free Raoul - and erase 35 years of lost opportunities and shameful timidity ... unbecoming a land of ancestral and legendary courage.

Sweden's participation in the Moscow Olympics without Raoul's release would be a terrible betrayal of a great citizen, of the noblest traditions of Sweden and of the ideals of human civilization.

Very truly yours,

Benjamin Herson

Dear World...

MY YOUNG SON starts to school today . . . It's going to be sort of strange and new to him for awhile, and I wish you would sort of treat him gently.

You see, up to now he's been king of the roost . . . He's been boss of the backyard . . . His mother has always been near to soothe his wounds and repair his feelings.

But now things are going to be different.

This morning he's going to walk down the front steps, wave his hand, and start out on the great adventure . . . It is an adventure that might take him across continents, across oceans . . . It's an adventure that will probably include wars and tragedy and sorrow . . . To live his life in the world he will have to live in, will require faith and love and courage.

So, World, I wish you would sort of look after him. . . . Take him by the hand and teach him things he will have to know.

But do it gently, if you can.

He will have to learn, I know, that all men are not just, that all men are not true.

But teach him also that for every scoundrel there is a hero . . . that for every crooked politician there is a great and dedicated leader . . . Teach him that for every enemy, there is a friend.

Steer him away from envy, if you can . . . and teach him the secret of quiet laughter.

In school, World, teach him it is far more honorable to fail than to cheat . . . Teach him to have faith in his own idea, even if everyone says they are wrong . . . Teach him to be gentle with gentle people and tough with tough people.

Try to give my son the strength not to follow the crowd when everyone is getting on the bandwagon . . . Teach him to listen to all men — but teach him also to filter all he hears on a screen of truth and take just the good that siphons through.

Teach him, if you can, how to laugh when he's sad . . . Teach him there is no shame in tears . . . Teach him there can be glory in failure and despair in success.

Treat him gently, World, if you can, but don't coddle him . . . Because only the test of fire makes fine steel . . . Let him have the courage to be impatient . . . Let him have the patience to be brave.

Let him be no man's man . . . Teach him always to have sublime faith in himself.

Because then he will always have sublime faith in mankind.

This is quite an order, World, but see what you can do . . . He's such a nice little fellow, my son!

Dear Senator Cranston:

Although it has been a long time since we were introduced, I am Dell Scott's partner.

The plight of Raoul Wallenberg, a Swedish citizen (non Jewish) who is reputed to be responsible for saving 100,000 Jews from extermination by the Nazis during the Holocaust period, has recently been brought to my attention by Annette Lantos of the Free Wallenberg Committee.

I am enclosing for your examination copies of the two Social Action reports I received concerning this matter, which are each self-explanatory.

Although I know you are extremely busy, I would appreciate your informing me of what action, if any, the United States government has undertaken in connection with this matter; and, if no action has been taken, I would like a status report of what action has been requested and where things presently stand.

I would be most pleased to hear any recommendations or suggestions you might make as to what action can or should be undertaken to achieve Raoul Wallenberg's freedom or to establish satisfactory proof of his death.

Olla Ullsten

Swedish Foreign Minister

Box 1621

Stockholm 16, Sweden

Dear Minister Ullsten,

I write on behalf of one of your citizens, one worthy of much respect and concern, Raoul Wallenberg. It is my understanding that Mr. Wallenberg is presently ~~being~~ held in a mental institution in Siberia. His presence according to my understanding has not been ^(confirmed) known since ~~the~~ 1945 when he was taken prisoner by the Russian liberating forces in Hungary. There is strong evidence that he is presently being held in mental institution in Siberia. This fate is not deserving of one of your many citizens who should be honored for ~~their~~ actions during World War II.

Raoul Wallenberg during the Nazi era in Hungary was actively involved in circumventing tens of thousands of Jews from the deportations to the death camps. Imprisonment of this ~~type of man~~ ^{type} is not the honor fitting as a response to his actions. The Swedish government and people will not be forgotten for their acts of rescue and asylum that were given to us as the Nazis proceeded to eliminate every Jew in Europe.

Rosal Wallenberg went to do whatever possible to save those remaining Jews of Europe, in Hungary, from the ~~same fate~~ fate of Auschwitz. He was in Hungary to stop or circumvent feeding Jews to the ovens.

The Swedish people are imprinted in our minds and memories. Rosal Wallenberg is in our hearts. We ask of you to do all that is possible to ^{make} the Soviets ~~to~~ bring him forth from imprisonment (of whatever type they may call it). The Soviets need the Swedish people's good will in the Olympics, and Jews, have an obligation to seek Wallenberg's freedom. We need to win his freedom.

~~I~~ I understand the many concerns and clutter you have as Minister of foreign affairs and wish not to put another burden upon your office yet this is an moral obligation again that I am sure your government will respond appropriately. This letter I am writing in not to just voice my concern but a true desire to ~~make~~ help in whatever way it can here to secure Mr. Wallenberg's freedom. It is my desire if you are able to inform me of his current status, ~~and~~ the events that are taking place, and anything ^{that} I may be able to assist. The intention of this letter is not an one-time letter but the start of a dialogue that will precede to Wallenberg's release.

I wait anxiously for your response,

Gratefully, Marc Lacher

Dear Mr. Linder,

In a letter to the Minister for Foreign Affairs Ola Ullsten, you have expressed your concern and sympathy regarding the fate of Raoul Wallenberg. Mobilization of international opinion for the purpose of persuading the Soviet authorities to shed light on this matter is of great value and an important element to the efforts of the Swedish Government.

In 1979 alone, Sweden made two official representations to the Soviet Union as regards Raoul Wallenberg's visit to Moscow on 30 May. Foreign Minister Ullsten again called upon the Soviet authorities to elucidate the circumstances surrounding the disappearance of Raoul Wallenberg. Unfortunately, the Soviet authorities, in reaffirming the previous information they had provided, according to which Raoul Wallenberg is said to have been in prison in 1947. This statement is contrary to the testimonies that Raoul Wallenberg was still alive at a much later date.

The Minister for Foreign Affairs has asked me to inform you that the Swedish Government will take every opportunity to clarify the circumstances surrounding Raoul Wallenberg's fate.

Yours sincerely,

In a letter to the Minister for Foreign Affairs, Mr. Ola Ullsten, you have expressed your concern and sympathy regarding the fate of Raoul Wallenberg. The mobilization of international opinion for the purpose of persuading the Soviet authorities to shed light on this matter is of great value and an important complement to the efforts of the Swedish Government.

In 1979 alone, Sweden made two official representations to the Soviet Union as regards Raoul Wallenberg. Unfortunately, the Soviet authorities persist in reaffirming the previous information they have given, according to which Raoul Wallenberg is said to have died in prison in 1947. This statement is contrary to convincing testimonies that Raoul Wallenberg was still alive at a much later date.

The Minister for Foreign Affairs has asked me to assure you that the Swedish Government will take every possible opportunity to clarify the circumstances surrounding Raoul Wallenberg's fate.

Dear Mr. Ullsten,

I heard former Swedish ambassador to Canada Unger deliver an eloquent and informative talk at Sabbath services at Beth Tzedec Congregation a few days ago. The information he gave was shocking. To think that Raoul Wallenberg should still be, as he has been since 1945, imprisoned by Russia, is mystifying and disheartening. Wallenberg's only "crime" seems to have been that he laboured unstintingly and succeeded in saving one hundred thousand Jews from joining the Six Million butchered by the Germans.

I add my voice to the many you must have heard, to press the Russian Government to free this good man. The grave injustice of incarcerating him these 35 years should not be tolerated any longer. As a leader in Sweden you can, I am sure, use strong influence to effect Wallenberg's release and let him live his remaining years in peace and tranquillity.

Sincerely yours,

I. M. Gringorten

The question of the fate of Raoul Wallenberg is often on my mind. It is ironic that this man who worked so heroically for the survival of fellow human beings should be relegated to the forgotten.

Is there anything that can be done to find this man? At the very least the Russians should give a satisfactory accounting in this matter.

I pray that you will find it possible to take some positive action in this regard.

SWEDISH CITIZEN RAOUL WALLENBERG'S FATE IN THE SOVIET UNION MUST BE
ASCERTAINED.

AMBASSADOR AND MRS KENNETH FRANZHEIM II

Dear Mr. Mlsten,

April 21, 198

I am very concerned about the fate of Raoul Wallenberg who is now imprisoned in the Soviet Union and has been since the Second World War. Here is a truly heroic man who saved so very many lives and who deserves to spend the rest of his life in dignity and freedom, not in a Russian prison.

I am urging you Mr. Mlsten to please apply pressure on the Russians at the upcoming Olympic Games to free Raoul Wallenberg.

Please. Raoul Wallenberg needs your help.

Thank you.

Dear Ms. Ullstein:

Evidence has recently come to my attention that indicates that Raoul Wallenberg is still alive and is being detained in the Soviet Union. I feel it is incumbent upon all of us who value personal freedom to do all that's possible to rescue this man who saved so many others from death.

I hope the present Swedish government will actively seek information about Mr. Wallenberg's whereabouts and will aggressively work for his

release.

Sincerely yours,
Donna Oldman
